Show us how to keep your pant leg from getting torn up and greasy when you ride a bike.

Answer:

Use a leg band or roll up your pant leg

Safe Cycling 20 points

What is the “Door Zone”?

Answer:

The place next to the car where the door opens out. If you were riding there you could get hurt by the opening door. Ouch!

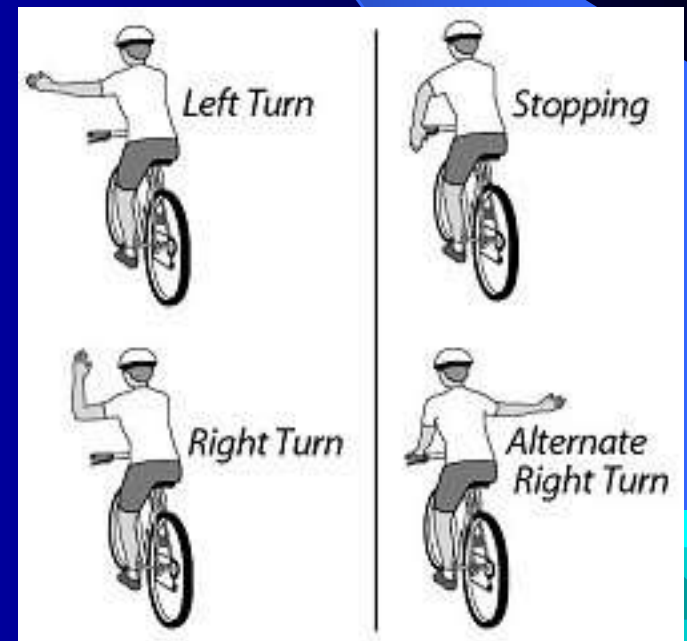

VIDEO: Avoiding the door zone

Why is it dangerous when people bike against the flow of traffic?

Answer:

Car drivers might not see them,
There's less time to be react and be safe,
Crashes with cars hurt more,
It's against the law.
