Climate, Equity, and Health

PARTNERS/ SPONSORS

California Chronic Disease Prevention Leadership Project

WORKING TOGETHER TO IMPROVE OUR COMMUNITIES

The Second Regional Convening of Public Health Officers and Planning Directors will provide an opportunity to continue to build relationships across sectors, identify shared objectives and opportunities for collaboration, review related state mandates, and discuss how to move forward towards implementing activities that support health, sustainability and economic development in your community.

A COMMON GOAL OF HEALTHIER COMMUNITIES

Planning and public health have common roots and shared values. Both understand the impact that the built environment has on the social, physical and economic health of our communities. A partnership between planning and public health professionals will help ensure that policies that support healthy and sustainable communities are implemented, creating healthier places and a healthier future.

DESIGN 4 ACTIVE SACRAMENTO (D4AS) & PLANNERS4HEALTH

This convening is made possible by D4AS and Planners4Health. As part of WALKSacramento, D4AS is a cross-sector collaborative health team working across the county, region, state and nationally to transform built environments into healthier communities. Planners4Health is a collaborative program with the American Planning Association (APA) and the American Public Health Association (APHA) granted through the Centers for Disease Control. The program concentrates on education, capacity building, and planning for healthy communities within APA chapters.
